

Carlene Carter, One Way Ticket

(Carlene Carter)

You've got a one way ticket into my heart
You've got a one way ticket into my heart

I won't be the one you won't keep
I won't be your fool
I don't bite the lips that kiss me like you do
You say you've got something
That makes you unique
I can tell you I got something
Every little boy needs

You've got a one way ticket into my heart
You've got a one way ticket into my heart

You won't be some dream I'm dreamin'
I'll be wide awake
If I closed my eyes I'd miss it and what a waste
You won't get the better of me I'm the best
If you need a vacation I could do with a rest

You've got a one way ticket into my heart
You've got a one way ticket into my heart

Say you'll be mine, all mine, all mine
Don't hesitate, don't wait it's too late
Just give your heart a break
Be mine, be mine

You've got a one way ticket into my heart
You've got a one way ticket into my heart

Hearts of gold are hearts to mould
So come and work on me
I understand that understanding's hard to be
I want an angle to straighten me out
Got a secret I'm keepin'
Keepin' ya shouting about it

You've got a one way ticket into my heart
You've got a one way ticket into my heart
