

Carlos Lyra, All Is Well

All is well.
There was doubt for the future
Before, but now
All is well.

You are here,
And the pain of the past is a
Memory, and the
Future clear.

One day you came.
At that moment in life when to
Live seemed so useless,
You came.

Then all was changed,
For you brought with you all of
The tender love
I needed so.

Joy I never knew, with you I know.
In my loneliest hour,
You came to me
And loved me so.

In my loneliest hour,
You came to me
And loved me so.
