The Facts Of Love

Verse

You know they say that one hand washes the other  
Well you better start, better start looking out for me  
Cause there's a way that you can be minus one lover  
Just keep making it hard deliberately

Chorus

If you're going to play with fire don't cry when you burn your fingers  
I'm not going to be the fool that you get tired of  
Someones got to clean up their act before the show is over  
Baby such are the facts of love

Verse

Its been so long since we made magic together  
But you never stopped taking real good care of yourself  
There comes a time you see your face in the mirror  
And something tells you the pain ain't good for your health no no

Modified Chorus

If you going to play with fire don't cry when you burn your fingers  
I'm not going to be the fool that you get tired of  
Somebody's got to clean up their act before the show is over  
Baby such are the facts, the facts of love, the facts of love, the facts of love ...
