

Carly Binding, My Liberty

Someone set
Set it free
Wait patiently patiently
For return
Some give in
Hidin' neath their skin
Are you listening listening
To how that feels
Oh boy you look so jaded
Why you bein' so vague
When I don't believe
That it's true when they say
That I should behave
In the usual way
If there's one thing I'm keeping
It's my liberty
If there's one thing I'm keeping
It's my liberty
Music
Heard you say
Forfeit today
Go on hide away hide away
That's not me, it's not me
Oh boy you look so confused
Why you bein' so strange
When I don't believe
That it's true when they say
That I should behave
In the usual way
If there's one thing I'm keeping
It's my liberty
If there's one thing I'm keeping
It's my liberty
If there's one thing I'm keeping
It's liberty
If there's one thing I'm keeping
It's liberty
