

# Carly Rae Jepsen, Cut To The Feeling

I had a dream or was it real  
We crossed the line and it was on  
We crossed the line and it was on time  
I've been denying how I feel  
You've been denying what you want  
You want form me, talk to me, baby

I want some satisfaction  
Take me to the stars  
Just like, ahhh, ahhh

I wanna cut through the clouds  
Break the ceiling  
I wanna dance on the roof  
You and me alone  
I wanna Cut To The Feeling /2x  
I wanna play where you play with the angels  
I wanna wake up with you all in tangle  
I wanna Cut To The Feeling /2x

Cancel your reservations  
No more hesitations, this is on  
Can't make it stop  
Give me all you got  
I want it all or nothing  
No ore in-between  
Now give your  
Everything to me  
Let's get real baby

I wanna cut through the clouds  
Break the ceiling  
I wanna dance on the roof  
You and me alone  
I wanna Cut To The Feeling /2x  
I wanna play where you play with the angels  
I wanna wake up with you all in tangle  
I wanna Cut To The Feeling /2x

Take me to emotion  
I want to go all the way  
Show me devotion and take me all the way  
/3x

take me all the way

I wanna cut through the clouds  
Break the ceiling  
I wanna dance on the roof  
You and me alone  
I wanna Cut To The Feeling /2x  
I wanna play where you play with the angels  
I wanna wake up with you all in tangle  
I wanna Cut To The Feeling /2x
