

# Carly Rae Jepsen, Shy Boy

You're pretty, we're drinking  
So I say what I'm thinking  
How come everybody's dancing but you?

A deep conversation  
A last minute invitation  
Yeah I'm gonna make this easy for you

But it's like this, I put you on the list  
So come downtown, if you're around  
I hope you do, baby I insist  
I don't care what they say about you

So sick of everybody telling me what to do  
When all I need is your eyes across the room  
Yeah, those eyes across the room

Shy boy stir me up  
I get a little something from your morning cup  
Whoa  
Whoa

Shy boy stir me up  
You didn't even know you got the Midas touch, touch, touch, touch, touch  
Whoa  
Come pick me up

Shy boy, boy, boy, boy  
Whoa  
Shy boy, boy, boy  
Whoa

You show up, you show late  
The room spins, the earth quakes  
I admit that I was waiting for you

My friends want to meet ya  
But they're only gonna tease ya  
Cause we made a bet you wouldn't come through

But it's like this, I put you on the list  
So come downtown, if you're around  
I hope you do, baby I insist  
I don't care what they say about you

So sick of everybody telling me what to do  
When all I need is your eyes across the room  
Yeah, those eyes across the room

Shy boy stir me up  
I get a little something from your morning cup  
Whoa  
Whoa

Shy boy stir me up  
You didn't even know you got the Midas touch, touch, touch, touch, touch  
Whoa  
Come pick me up

Shy boy, boy, boy, boy  
Whoa  
Shy boy, boy, boy  
Whoa

He's got the Midas touch  
Everything he touch turns to gold  
Oh, sugar

He's got the Midas touch  
Everything he touch turns to gold  
Oh, sugar

Shy boy stir me up  
I get a little something from your morning cup  
Whoa, whoa

Shy boy stir me up  
Didn't even know you got the Midas touch, touch, touch, touch, touch  
Whoa

Touch, touch  
You can touch my body  
Touch, touch

You can touch my body  
He's got the Midas touch  
Everything he touch turns to gold
