

# Carly Simon, De Bat (Fly In Me Face)

(Carly Simon)

Fly in me face  
Fly in me face  
Fly in me face  
Fly in me face  
Well I hope de bat don't come out and fly in me face tonight

Well I come home from a party  
And I'm feelin' a little spaced  
And I walk on in the kitchen and  
A bat fly in me face  
Well de bat come down the chimney  
You see he wait in the fireplace  
When he hear that I'm getting a little snack  
De bat fly in me face

Fly in me face  
Fly in me face  
Well I hope de bat he don't come out  
And fly in me face tonight

De bat he rat got wings  
All the children know that  
What I need to know from the lord  
Is how you get de wings on the cat  
They say a bat's got radar  
And he can fly through fan  
But what I am afraid of is  
That he got another plan  
To fly in me face  
Fly in me face

Well I hope de bat he don't come out  
And fly in me face tonight  
Fly in me face

One thing I forgot to tell you about the human race  
Everybody get a little upset when a bat fly in they face  
Fly in me face  
Fly in me face  
Well I hope de bat he don't come out  
And fly in me face tonight
