

# Carman, We Are Not Ashamed

Some people wonder why we take the chances that we do  
To bring the word of God into the workplace and the schools  
We're looked upon as outcasts  
Fanatics they may say  
So why then do we still persist  
To share our faith this way  
It's because...

## CHORUS

We are not ashamed of the Gospel of Jesus Christ  
For it is the word fo God to every nation  
We are not ashamed of the Gospel of Jesus Christ  
For it is power of salvation

For those of you who fight in the wars  
Against our nations sins  
Heroes who give so much more than is required of them  
Beyond what words can say  
Remeber that you're not alone  
With the cross you bear each day

Jesus Christ was wounded, too  
With our wounds deeper than ours  
That's why no child of God  
Should be embarrassed by their scars  
So lift up your head  
You weary saint  
Be strong in Jesus' name  
The battle's won, the victory's ours  
Let's stand up and proclaim...

That it's the Gospel that saved me  
And the Gospel raised me  
And the Gospel that gave us everlasting life

Repeat Chorus
