

Carmen Consoli, Lord Of The Oceans

Lord of the oceans

Lord of the ocean,
what is your demolition strategy today?
Lord of the ocean,
I hope you don't mind
but I'm planning my great escape...
You should be delighted
to see me as grains of sand amongst the remains...
How your merveillous tower of strenght,
I was the Queen of Nothing.
Washed with your last wave
.....
but finally safe!

And I congratulate for loosing your faith in me,
but you're terribly sorry
and I don't understand
why you enev started fering yourself!

.....
