

# Carole King, Move Lightly

Why don't you move lightly  
Why don't you move lightly  
That's your heart you're dealing with  
That's your head you're messin' around with  
Why don't you move lightly  
Let it all work out now, just let go  
Pretty soon you're gonna know what you wanna know  
Why don't you walk softly  
You ought to walk softly  
That's a hard and heavy foot  
You've been usin' to put yourself down  
Why don't you walk softly  
If you win the world and lose your soul  
What good will it do you - love don't come from gold  
Why don't you drift easy - why don't you drift easy  
If there's something you're still after  
Are you sure you're gonna like the way it'll make you feel  
Well I won't worry 'cause I know you'll find  
Your own way, in your own time, and I'm easy  
And I'm gonna move lightly
