

# Carole King, Wrap Around Joy

My mama loves me, she's my best friend  
I know my daddy's with me right to the end  
Oh, but my baby's got the final say  
And what he says, it turns me every way  
But loose, he say now

Oo-ee, baby, wrap around joy  
What it takes to save me, that wrap around joy  
I believe in salvation, I don't doubt what I've found  
I just can't do without it, oh, that good old wrap around

My baby calls me late Friday night  
He sounds so crazy but he feels so right  
He says, Get ready, mama, now lighten your load  
And I'll be right over for the next episode  
Here we go now

Oo-ee, baby, wrap around joy  
That's what he gave me, that wrap around boy  
He's been my undoin', I've been comin' unwound  
But I don't mind unwindin' for some good old wrap around

Oo-ee, baby, wrap around joy  
That's what he gave me, that wrap around boy
