

Caroline Polachek, Fly To You (feat. Grimes & Dido)

How I remember, how I forget
Wanted to hate you but love you instead
Violence made me gentle at last
Closer and closer and closer to you
Baby, I'm dying to find you

Ooh, I fly to you Hey
After all the tears Hey
You're all I need Hey
I fly to you Woo
Not just somewhere
Deep inside of me Hey

Ah-ah, ah-ah-ah Hey
Ah-ah, ah-ah-ah Hey
Ah-ah, ah-ah-ah Woo
Ah-ah

Driving through the dark
Lost but I'm free
I'm looking for something
That nobody else can see See
Will you still love me
After the bend? The bend
Remember what's gone before
Not loaded with regret Regret

Ooh, I fly to you Hey
After all the tears Hey
You're all I need Hey
I fly to you Woo
Not just somewhere
Deep inside of me Hey

Mmm, I fly to you
After all the tears
You're all I need
I fly to you
Not just somewhere
Deep inside of me How I remember
Ooh, I fly to you How I forget
After all the tears Wanted to hate you, but love you instead
You're all I need violence made me
I fly to you Gentle at last
Not just somewhere Closer and closer and closer to you
Deep inside of me Baby, I'm dying to find out

I'm looking for something
Nobody else can see
Remember what's gone before
Not loaded with regret
