

# Caroline Polachek, I Believe

Look over the edge, but not too far

You're not alone  
Under a sky of vultures  
With all that could've been  
You made it home  
With silver string unbroken  
Ain't that the sweetest gift

Oh, little miracle  
Swing low  
Where there can be no compromises  
Down low

I don't know but I believe  
We'll get another day together  
Violent love, feel my embrace, oh  
No, I don't know but I believe

And I'd have said it was impossible  
To find you in this life and keep you just enough

Oh, little miracle  
Swing low  
Where there can be no compromises  
Down low

I don't know but I believe Oh  
We'll get another day together Oh  
Violent love, feel my embrace, oh Oh  
No, I don't know but I believe

Look over the edge, but not too far  
Ooh  
Ooh  
Ooh  
Ooh Look over the edge, but not too far  
Ooh-oooh, ooh  
Ooh, ooh  
Ooh

I don't know but I believe  
We'll get another day together  
Violent love, feel my embrace, oh  
No, I don't know but I believe Ah

Violent love, feel my embrace  
Look over the edge, but not too far  
But not too far
