

# Cartel, Lose It

Well it's that time  
It's that time again  
Well it's all coming back around  
There she sees me  
Oh my god, this is who I've been  
And I'm branding each day

Go on and lose it  
Go on and lose it all  
Go on and lose it  
Go on and lose it all  
(Go, go)  
Go on and lose it  
Go on and lose it all  
Go on and lose it  
Go on and lose it all

Immediately we find out then  
That I can be blamed for this  
Well then you just figured out today  
And you're so sweet, you say..  
Go now and get your own life and live it your way  
And I hear you say..

Go on and lose it  
Go on and lose it all  
Go on and lose it  
Go on and lose it all  
(Go, go)  
Go on and lose it  
Go on and lose it all  
Go on and lose it  
Go on and lose it all

Hey  
Hey hey  
Whoaaaa  
Hey, hey, hey  
Well and if we find another then  
We will get ours  
And if we find another then  
We will get ours

She's picking up her clothes  
She's off and she's running  
She says to me  
'Go on and lose it'  
I think she means well but  
Man I can't tell as she says to me  
'Go on and lose it all'  
Go on and lose it all  
Go on and lose it all  
Go on and lose it all  
Go on and lose it all
