

Carter White, My One And Only

You're a supermodel
You're an angel
You're always running through my mind
I wanna be with you
Every day and night
I'm gonna love you till the end of time
On the night that we met
I knew it was fait
I could see it in your eyes
I could see it on your face
I could see in your reflection
And I could tell when you smiled
You're a supermodel
You're an angel
You're always running through my mind
I wanna be with you
Every day and night
I'm gonna love you till the end of time
They say no one is perfect
But that is a lie
You're the one that I live for,
For you I would die
I long for your love all of the time
You're an angel from heaven
You're the stars in the sky
And baby,
You're a supermodel
You're an angel
You're always running through my mind
I wanna be with you
Every day and night
I'm gonna love you till the end of time
Your brown eyes stole my heart
You have the lips of an angel that tore me apart
You're prettier than any actress on T.V.
You're more beautiful than any other girl i see
You're a supermodel
You're an angel
You're always running through my mind
I wanna be with you
Every day and night
I'm gonna love you till the end of time
You're a supermodel
You're an angel
You're always running through my mind
I wanna be with you
Every day and night
I'm gonna love you till the end of time
