

Cascada, Madness (feat. Tris)

Let me be the map leads you to the madness ,
The reason for your crazy, crazy, crazy
We'll be making perfect sense of this mess,
I know that we can make it, make it, make it
Let me be the map leads you to the madness,
The reason for your crazy, crazy, crazy
No one ever want to understand us,
But look how far we made it, made it, made it
Through the madness!

Go in
Go hard
Go wild
Or take your bitch ass!

[Tris:]
P-A-R-T-Y wild,
Let me get a redial to this party music,
Join droppin, pill poppin'
You live one life, one night, abuse it
Swarm dive in a room filled of booze
?? let anybody in my shoes, and
Hard boom made everyone wanna screw me
Pop bottles, we just can't lose it!
Excuse me, you're fascinating
Let me push on your buttons of activating
Can you twerk up your backs, I'll be your U-T-T it is amazing
One on one, couple shots
You, me and your girlfriend aroma arouse
Gonna hand, going wild
It's what you came for, right?
But don't blink or you'll miss the do!

Let me be the map leads you to the madness ,
The reason for your crazy, crazy, crazy
Madness /4x
