

Cascada, Who do you think you are

Why can I still believe in tomorrow,
When all I have tried was just in vain
Is it worth the fight, I couldn't start believing that those feelings
Who died could face the pain.
I don't need no diamond rings, alibis no more

(Chorus):

Who do you think you are?
Cos once again you broke my heart
I know that love went just too far
It's hard to catch a falling star
But now I finally realize, you're a brown eyed angel in disguise
Just one step too far so tell me
Honestly, who do you think you are?
You and I, we're on our way together
But this life passed bye, these days are gone
All the tears I've cried they taught me nothing lasts forever
I been blind for just too long
Cos I don't need no diamond rings, alibis no more.

(Chorus):

Who do you think you are?
Cos once again you broke my heart
I know that love went just to far
It's hard to catch a falling star
But now I finally realize, you're a brown eyed angel in disguise
Just one step too far so tell me
Honestly, who do you think you are? Who do you think you are?
