

# Cash Cash, Party In Your Bedroom

There's a party in your bedroom  
All night long  
There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone  
There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your shot  
Let it go when you're alone  
This feels right, don't say goodnight  
Walking down the street  
Keeping hush-hush on the scene  
No one knows you  
Such a mystery  
Opposite of fun 'til you turn the power on  
Then you come out  
Turning up the heat  
Upstairs all alone, one click for a show  
Your room feels on fire, you're out of control  
There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone  
This feels right, don't say goodnight  
Dancing with your hands  
Turning strangers into friends  
Touch the keys, please  
And unlock my heart  
You're free to be a freak  
Change your picture every week  
Show the camera you're a superstar  
Upstairs all alone, one click for a show  
Your room feels on fire, you're losing control  
There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone (x2)  
This feels right, don't say goodnight  
It's naughty pain  
When I think of you, can't stay on track  
'Cuz I can't wait  
Can't stay on track, can't hide the fact  
You're all I want, you're all I need  
Let's get this party started  
Kickin' hard, just you and me  
There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show

Let it go when you're alone (x2)  
This feels right, don't say goodnight.
