[Verse 1: Cassidy]

I'm so nice I'd bet my life I guess I got gambling problems
You scramblers can't handle the problems, STOP, I win a lot
when I bet so I spend a lot, the rocks on my neck they weigh more
than a cinder block, to move forward I had to guard and defend the
rock and I got more blocks than synagogue, Shaq style the gat loud when
I send the shots, if its drama I'm like Douma you dinner ock
cause you's not no contender ock, I make um sick to they gut when I
pick up the pen and jot, I grind on summer hustle all winter ock
You working wit a bird or to, you still a beginner ock
They bring in chips in when I cope, Scarface got it for 14/5
I give 'em 10 a watt, lets get around break it down get 10 a rot
My clip switch is at 6 and 10 o'clock, I workin with the raw dog
and I be in the spot, you working with the law dog you should of
been a cop, I don't care if you've been shot been to the pen or not
pussy I'll pull it, give you A bullet in the box

[Chorus: Jay-Z]

I'm a hustler, I'm a-I'm a hustler homey
