

Cassie, Sometimes

VERSE 1

Lately...
I wish I could know the thoughts in your mind
'Cause lately...
Feels as though you only want me sometimes

B-SECTION

My insecurity
Is takin' over me
I need to know where we stand
Is this a symptom of
Us fallin' out of love
What happened to the romance?

HOOK

Thought I was your only one
I came second to none
I wish I didn't love you so much sometimes
(The I wouldn't be mad)
Then I wouldn't be so mad
'Bout what I thought we had
I wish I didn't love you so much sometimes

VERSE 2

Lately...
It's so hard to understand you sometimes
And lately...
You make me feel so demanding sometimes

B-SECTION

My insecurity
Is takin' over me
I need to know where we stand
I loved you all along
Tell me what I did wrong
What happened to the romance?

HOOK

Thought I was your only one

I came second to none
I wish I didn't love you so much sometimes
(Maybe then I)
Then I wouldn't be so mad
'Bout what I thought we had
I wish I didn't love you so much sometimes

RAP

Now how you gon' blame me
Told you this once before
I'm an international hustler - entrepreneur
I fly coast to coast make hits with stars
And I brought the cake home said this was ours
Now we argue and such
We lost the touch
Spent a week over your mom's
'Cause your heart was crushed
You don't like my lifestyle - say I work too much
Only thing I ever thought about first was us
Come on...

VAMP

Oh and baby I can't believe you

Don't see how much I need you
Wish I could leave you
Sometimes
Oh and baby I can't believe you
Don't see how much I need you
Wish I could leave you
Wish I could leave sometimes

HOOK

Thought I was your only one
I came second to none
I wish I didn't love you so much sometimes
(I don't wanna be foolish in love)
Then I wouldn't be so mad
'Bout what I thought we had
I wish I didn't love you so much sometimes
