

# Cassius, Toop Toop

After all the words we sing  
I got my eyes on my machine  
You could just put online  
So I got some piece of mine  
I could keep up during night  
I'm gonna search people fight  
Hanging out on every ring  
All I get is a machine

TOOP TOOP  
After all the words we sing  
SHOOT SHOOT  
I got my eyes on my machine  
TOOP TOOP  
You could just put online  
SHOOT SHOOT  
So I got some piece of mine  
TOOP TOOP

After all the words we sing  
I got my eyes on my machine  
You could just put online  
So I got some piece of mine  
I could keep up during night  
I'm gonna search people fight  
Hanging out on every ring  
All I get is a machine
