

Cast, Mirror Me

There's just the two of me
Alone at last together
We've got the luck so far
We are my lucky star
Deep in the heart of me
I love every part of me
All I can see in me
Is the danger and ecstasy
One thing there couldn't be
Is any more me in me

This is the me of me
Me me me!

Me me
Me me me
Me me me
I am my destiny.
Je croirai toujours en moi. Ha ha ha
I'd never lie to me.
I'd be willing to die for moi.
I'll pray every day to me.
And here's what I'd says to me

This is the me of me
Me me me!

Me me
Me me me
Me me me
Me me me
Ohh me me
Me me me
Ohhhh me me
Look at me Moi Moi
