

Casting Pearls, You Alone

I've come to Your throne here so cold and alone
I'm calling on Your name
I lift my hands to the sky open wide and I cry Lord take me away
Take this heavy heart and this weary soul and set them free
Remove myself till there's nothing left but You alone in me
I'm letting go of all that I know
I'm holding on to You alone
I lay it all down down here at Your feet
I want You alone You alone
If I go to the heavens above Lord I know You are there
If I make my bed in the depths lord I know You are there
If I rise on the wings of the dawn or settle on the far side of the sea
Even still Lord I know You will, You will always be there with me
