

# Cat Stevens, Smash Your Heart

You cut me deep,  
but now i'm gonna see you weep, yeah  
this broken man  
is gonna do the best he can, yeah

I'll see you pay, before I give you my heart  
baby I'll do without  
There'll come a day  
when I'll smash your heart  
and then turn away

You played with me like a toy  
and a little baby  
After I broke  
you just didn't want to know, yeah

I'll see you pay, before I give you my heart  
baby I'll do without  
There'll come a day  
when I'll smash your heart  
and then turn away

My time will come,  
and you'll know when it's begun, yeah

You'll know because  
you're gonna be just where i was, yeah

I'll see you pay, before I give you my heart  
baby I'll do without  
There'll come a day  
when I'll smash your heart  
and then turn away
