

Cat Stevens, Sun/C79

Sun is the reason and the world, it will bloom
'Cause sun lights the sky and the sun lights the moon
Sun is the reason all the happy trees are green
Then who can explain the light in your dream
Sit you down, sit you down young gentlemen
There's something I want you to know
You keep on asking me
You keep on asking me why, why are we here?
It started a long time ago
Me and your Mum on the night
Yeah Yeah Yeah, we met
I was on the road again
She was in C79
I'll never, never forget
I'll never forget that night, no no
Yeah, we met in a back road behind the stage
She had, had the best figure by far, oh
A thousand hours I've looked at her eyes
But I still don't know what color they are, yeah
Me and your Mum on the night
Oh Lord, yeah we met
I was on the road again
She was in C79
She was a junkie then
And I was having a good
Back on the road again
Oh Momma, I was on the road again
Back in C79
I'll never, never forget
I'll never forget that
Back on the road again
I'm traveling that line
I was a pop star then
I'm still having a good time
