## Catatonia, My Selfish Gene

You, me and destiny Guess that it was never meant to be All you did was give me allergy I'm not looking for your sympathy You, me and destiny I am courted by uncertainty I've lost my will to live unselfishly Altruism stinks of fallacy And my selfish gene It fills up my spleen with bile And all the while I thought you gave a damn You, me and destiny Guess that it was never meant to be All you needed was some courtesy And I'm not waiting for an apology My selfish gene It fills my spleen with bile And all the while I thought you gave a damn Way back then I thought you gave a damn
