

Catherine Wheel, Ma Solituda

sleep dont weep
throw your arms together
slide dont lie
we always stick together

start the day in a cold December way
feel whats new
its December through and through

ma solituda sinks confusion (2x)
I fell down

sleep dont weep
throw your arms together
slide dont lie
we always stick together

start the day in a cold December way
end this day in a stream of celebration

ma solituda sinks confusion (2x)
I fell down (2x)

December never ends, December

ma solituda sinks confusion (3x)
I fell down, I fell down
