

Cathy Dennis, Change Will Come

I know that I'm out of place
But I know you're just wasting time
Your life is your own to waste
But I won't have you wasting mine
Change will come
If you believe
Change will come
Do you hear me
Everybody's sayin' change will come
Change will come
What good is the quick escape
When the problem is here inside
Life can be a better place
If you'll only believe in time
Change will come
Through you and me
Yeah
Change will come
Do you hear me
Everybody's sayin' change will come
Change will come
I'm sayin' change will come
Ooh yeah yeah yeah yeah yeah yeah
I'm sayin' change will come
The future's calling
Reaching out to give you a hand
So don't say you're falling
When destiny's awaiting your plan
Oh yeah
Say it
Change
Everybody's sayin'
Ooh yeah yeah yeah yeah yeah yeah
I'm sayin'
Change will come
Everybody's sayin'
I'm sayin'
Change will come
Ooh yeah yeah yeah yeah yeah yeah
Sayayayay it say it
I'm sayin'
Change will come
Change
Change will come
Sayayayay it say it
Ooh yeah yeah yeah yeah yeah yeah
I'm sayin'
Change will come
