

Cathy Dennis, For Your Love

When you're around
I feel completeness baby
I'm up in the clouds
Just dreaming about you baby
I'd give a lifetime
For your love
I'd make the stars shine
For your love
I'd look to heaven
For your love
I'd wait forever
For your love I'd be an angel
I'd move the sky for you
For your love
I'd live in danger
I'd hide them from the truth
You turn me around
You're all I need my baby
Heaven is found
Just thinking about you baby
I'd give a lifetime
For your love
I'd make the stars shine
For your love
I'd look to heaven
For your love
I'd wait forever
For your love
I'd be an angel
I'd move the sky for you
For your love
I'd live in danger
I'd hide them from the truth
I would do anything for you
I would do anything for you
For your love
I would do anything for you
I would do anything for you
For your love
Baby don't you know
For your love
Baby don't you know
I'd give a lifetime
For your love
I'd make the stars shine
For your love
I'd look to heaven
For your love
I'd wait forever
For your love
I'd be an angel
I'd move the sky for you
For your love
I'd live in danger
I'd hide them from the truth
For your love
Yeah yeah yeah
Baby for your love
Yeah yeah yeah
For your love
Yeah yeah yeah
