

Cathy Dennis, Moments Of Love

Fate was once the friend
That brought you to my life
So long ago
Now he comes again
With arms to take you back
But I can't let go
When I look back
Over time
Over a million days in my life
I'll remember the moments of love
Here with you
By my side
There's no other love to compare
I'll remember the moments of love
Time may not be ours
The times I've had with you
Will never fade
Every word you said
Will linger in my mind
For always
Always
When I look back
Over time
Over a million days in my life
I'll remember the moments of love
Here with you
By my side
There's no other love to compare
I'll remember the moments of love
Over a million days in my life
I'll remember the moments of love
