

Cathy Dennis, Roller Coaster

Don't make me beg you
As if the pleasure's mine
Don't make me wait here
You know it's so unkind
Doctors have told me
You're a danger to my health
I can't control it
Cos I want to help myself
Let me ride
Roller coaster
Lift me up
And turn me over and over
I don't care if we have nothing but today
There's no better feeling
For a summer's day
I make the most cause
You make me [?]
No doubt it hurts me
To be thrown back on the chair
I must be stupid cause I don't
Want no body else
Let me ride
Roller coaster
Lift me up
And turn me over and over
I don't care if we have nothing but today
Lift me up
Roller coaster
Let me get off
Before we get any closer
I don't care if we have nothing but tonight
Whenever I see you
I forget myself
I'm somewhere else and
Whenever I see you
I don't know who's talking
Can you tell me who is talking
Let me ride
Roller coaster
Lift me up
And turn me over and over
I don't care if we have nothing but tonight
Lift me up
Roller coaster
Lift me up
And turn me over and over
I don't care if we have nothing but tonight
Let me ride
Roller coaster
Lift me up
Before we get any closer
I don't care about the morning
Let me ride
Roller coaster
Lift me up
Before we get any closer
I don't care if we have nothing but tonight
