

# Cattle Decapitation, Testicular Manslaughter

Perpetual multiplier  
Procreating bastard  
Ever had your gonads smashed by a ball-peen hammer?  
Ever been forced into a vasectomy by and axe-wielding homovore?  
Do you know the word pain?  
You will when the mallet falls  
Again and again and again and again:  
I've a shotgun aimed at your testicles  
To shred your testes and sever adjacent vesicles  
Cold vengeance on a rapist  
Immediate testicular shape-shift  
Your manhood disintegrates and the stream starts to flood  
A shimmering mix of spermatozoa and blood  
Another human off the face of the earth!  
A new vagina to replace it's absence of girth  
It rubs the feces on it's skin  
Or else it gets the hammer again:  
Torture  
Through blunt castration  
Slaughter  
Repeated testicular emaciation  
For your gross misconduct  
The tables are rightfully turned  
The urethra now a bile duct  
The frayed ends of karma are burned  
A gaping gash of reproduction  
Seminal waste of testosterone that ceases to function  
Asexual freak . No longer of the male persuasion  
Your miserable heap of disfigurementation  
Brings thousands of victims vengeance and elation  
Sulfur and buckshot , decimating your crotch
