

Ce Ce Peniston, I'm In The Mood

I'm in the mood
Let's start tonight out right
You and I bathed in candlelight
Tasting the wine on your lips

Touching your body tenderly with my fingertips
I feel a sweet sensation rushing through my body
So I can say exactly how I feel

I'm in the mood
And I hope you feel it too

I'm in the mood
And I hope you feel it too

Take me away
And I'll come back for more everyday
Let's not spoil the moment boy
Unplug the phone so we can be alone

There is something about your kiss
That makes me feel like nothing else exists
Let's give into the moment boy, we won't regret it
There's so much passion between us, we can't control it

This is a night that we soon won't forget my baby
I've never been more ready for your love

I'm in the mood
And I hope you feel it too

I'm in the mood
And I hope you feel it too

I'm in the mood
And I hope you feel it too

I'm in the mood
And I hope you feel it too
