In your eyes

Hey, mister Moonshine shines too

Wanna figure out what I'm gonna do

First I'm gonna watch the stars, they are all around me

Tell me where you are

Hey, this is what I'll do, draw you in the sky, turning into you

I'm gonna go the way, I saw the other day, I'm sure that I had been there

It wasn't all that great

Maybe I don't wanna go, I don't wanna know

You made me realize I'm just a star in your eyes

I don't wanna go, I don't wanna know

You made me realize I'm just a star in your eyes

Hey, mister Moonshine shines too

I don't really know what I'm gonna do

Im gonna go the way, I saw the other day, I'm sure that I had been there

It wasn't all that great

Maybe I don't wanna go, I don't wanna know

You made me realize I'm just a star in your eyes

I don't wanna go, I don't wanna know

You made me realize I'm just a star in your eyes

In your eyes, in your eyes, in your eyes

In your eyes
