

CeCe Winans, Alone in the Presence

I'm safe and sound, serene and calm
(Whenever I'm here, I know You're near me)
My secret place where I escape
(From all the cares of this race)
Of this race because of Your grace
Joy fills my heart
(My heart)
Peace rules and reigns there
(Nothing but love)
Love overflows
(And Your will)
And Your will clearly show
(When I'm)
Alone in the presence of You
Wisdom is served and life preserved
(All from Your word that You speak, Lord)
Power displayed and weakness fades
(Your greatness is known and all fears erased)
Erased, because of Your grace
Joy fills my heart
(My heart)
Peace rules and reigns there
(Nothing but love)
Love overflows
(Overflows)
And Your will clearly show
(When I'm alone)
Alone in the presence of You
When I'm alone with You
My soul learns worship
In spirit and in truth
For the glory of Your name
Alone in Your presence
Joy fills my heart
(My heart)
Peace rules and reigns there
Love overflows
(Nothing but love)
And Your will clearly show
(When I'm alone)
Alone in the presence of You
(With you)
I love it when I'm, when I'm with you
(Alone in the presence of You)
I'm happy when I'm, presence
(Alone in the presence of You)
When I'm alone in the presence of You
