CeCe Winans, Hold Up The Light

Chorus: Hold up the light Save the world from darkness Hold up the light Won't you please America

Bebe: It's time for all of us Who claim in God we trust To take a stand Let our voice be heard Across the nation To every man

CeCe: If we are the light It's time for all of us to fight For what is right We must work while it is day Before the fall of night

Whitney: Voices crying, young people dying Lost, nowhere to run So I'm asking, takes sacrificing Time for us to come and Hold up the light

(Chorus)

Whitney: Boys and girls Can't you see The kind of friend Crack can be

Bebe: Voices crying, young people dying Lost, nowhere to run

CeCe: So I'm asking, takes sacrificing Time for us to come and Hold up the light

(Chorus)
