

CeCe Winans, Just Come

When I promised you, you could trust me
I meant every word that I said
You know I understand what you're going through
You don't have to face the night all by yourself
Just come, come to me
It hurts me when you cry
I won't leave you alone
When you need a hand to hold
I will be there, I'll always care
Sometimes the world can be such a lonely place
And you don't feel you're where you belong
It's in those times I wish
You would talk to me 'cuz if you're weak
My love will make you strong
Just come, come to me
It hurts me when you cry
I won't leave you alone
When you need a hand to hold
I will be there, I'll always care
What matters now
Is the love that we share
Let's pick up the pieces and go on, go on from here
Grab hold to me and I'll set you free
Just come, come to me
It hurts me when you cry
I won't leave you alone
When you need a hand to hold
I will be there, I'll always care
