Lift
VERSE

You held me when I cried
Helped me through the storms
And like those times
You faded away (away)

You taught me how to fly
And feel it too (oh oh)
And now I've touched the sky

CHORUS

Lift me up when I'm down,
Help me through
Only you can show me the way
And hold on to these moments,
Lift me up...

VERSE

Forever in a day
Giving me your strength
We were never to grow apa-art but we lost it
But tha-a-ank you for being there

CHORUSE
