

Celesty, Wickedness Act

Amardon:

Look at our son playing on the green fields.
He looks so happy with his friends do you see.

Shemin:

But that strange look in his eyes almost unreal.
He's been acting strange now what could it be?

Shemin:

Someday he'll be the great leader you know
It's a great burden to carry bay your own

Amardon:

Yes but our son is strong he will survive.

Shemin:

I'm not so sure just look into his eyes.

Amardon:

Don't worry my dear he will be just fine now trust me and you will see.

Shemin:

Everynight in my dreams I see

There's evil in his eyes.

Although, I don't I know what it means.

It's not real, it's just the dream.

Shemin:

I was scared when I opened my eyes.

It was my son, right by my side.

I didn't know what to do so I run away.

He shouted to me, please mom stay.

Edel:

Don't worry my mom I will be just fine now trust me and you will see.

Shemin:

Everynight in my dreams I see

There's evil in his eyes.

Although, I don't I know what it means.

It's not real, it's just the dream
