

Celine Dion, Brahm's Lullaby

Lullaby and good night
In the sky stars are bright
'Round your head, flowers gay
Set your slumbers till day
Lullaby and good night
In the sky stars are bright
'Round your head, flowers gay
Set your slumbers till day
Close your eyes now and rest
May these hours be blessed
Close your eyes now and rest
May these hours be blessed
Bonne nuit cher enfant
Dans tes langes blancs
Repose joyeux
En revant des cieux
Quand le jour reviendra
Tu te reveilleras
Quand le jour reviendra
Tu te reveilleras
Lullaby and good night
In the sky stars are bright
'Round your head, flowers gay
Set your slumbers till day
