

Celine Dion, Celine Dion: Halfway To Heaven

Come and go with me
Wherever I am, I want you to be
Walking with your hand in mine
Feel so fine when I'm close to you
I know what it means to want to be true
Never felt this way before, is there more?
Are you feeling the same as me, honestly
Don't you think it's unreal
I'm not dealing in fairy tales, if this fails
I don't know what on earth I will do
'Cause I'm halfway to heaven
Let's go all the way
I don't want to give it up
'Cause I'm already falling in love
When we reach that place
I'm dying to see the smile on your face
I'm so sure you'll want to stay
That's okay
I have so many dreams to share, please be there
Let me share them with you
If you're looking for happiness, nothing less
Come with me, baby, I'm looking too

And I'm halfway to heaven
Let's go all the way
I don't want to give it up
'Cause I'm already falling now
Halfway to heaven
Let's go all the way
I don't want to give it up
'Cause I'm already falling in love
I don't want to give my life in moderation, baby, no
I'm prepared to give myself up to temptation, yes
It's time I could use a little love and inspiration, baby, now
Come and share the joy and join the celebration
It's time hoping and praying that soon you'll be saying, Be mine
I don't want to give it up
I don't want to give it up
'Cause I'm already falling in love
You're makin' all my senses come alive
Baby, baby, baby
I don't want, no, baby no
'Cause I'm already falling in love
I don't want to give it up
