

# Celine Dion, Eyes On Me

I know that once in love  
You don't think of the devil who's inside  
And maybe it will come one day  
When you'll feel safe and I won't have the time  
You hear what you wanna hear  
Blink once I could disappear  
Some rules to the game of me  
Get it right for both of us  
Just say what you wanna say  
I've got it to give away  
We both want to make it last  
So keep your eyes on me, your eyes on me  
It's not an illusion that you're the one  
And I have fallen deep  
I said it from the start, when we're apart  
You must only think of me  
Temptation is all around  
Take good care of what you found  
That's why when I turn around  
You better keep  
You better keep your eyes on me  
No matter what you think I need  
No matter what you once believed  
If you're mine, so you better say  
No matter what you think I need  
No, it doesn't really matter what you once believed  
I wanna be the air you breathe  
Yeah, you better be everything you said you'd be  
I've gotta be your only one or we can't go on  
No matter what you think I need  
You better keep your eyes on me  
And say that you want me  
Open up your heart even if it's hard  
Say that you need me  
Better let him know, baby don't put on a show  
You say that you need me  
Tell him how you feel, let him know it's real  
And if you love me  
Never turn your back, gonna keep my eyes on us  
Temptation is all around  
Take good care of what you found  
That's why when I turn around  
You better keep  
You better keep your eyes on me  
No matter what you think I need  
No matter what you once believed  
If you're mine, so you better say  
No matter what you think I need  
No, it doesn't really matter what you once believed  
I wanna be the air you breathe  
Yeah, you better be everything you said you'd be  
I've gotta be your only one or we can't go on  
No matter what you think I need  
Better keep your eyes on me  
Your eyes on me, your eyes on me
