

Celine Dion, I Know What Love Is

Celine Dion
One Heart
I Know What Love Is
I was forgotten
Until you called my name
Lost in the shadows
Until you shined your light my way
Now I believe again
In all my dreams again
I'm wide eyed and innocent
Those doubting days
Are so far away and oh

I will fall
And you will catch me always
Time has taught me this
I will fly
And you'll be there to guide me
Straight up to my heart's highest wish
I feel you close to me
And I know what love is

Now there's no mountain
Too high for me to climb
No ocean so wide
That I could not reach the other side
Now I believe in me
Cause you live and breathe in me
And nothing can come between
We are one star
No night can darken, Oh

I will fall
And you will catch me always
Time has taught me this
I will fly
And you'll be there to guide me
Straight up to my heart's highest wish
I feel you close to me
And I know what love is

It's an unspoken thing
A quiet opening
There are no words that can go that deep
But I know
I know

I will fall
And you will catch me always
Time has taught me this
I will fly
And you'll be there to guide me
Straight up to my heart's highest wish
I feel you close to me
And I know what love is
