

# Celine Dion, I'll Be

You are a wildfire  
And I wanna be your oxygen  
You are a dreamer  
And I'll be the arms you're sleeping in

You are a butterfly  
And I wanna be your blue sky  
You are a gypsy  
And I'm on your passenger side

Wherever you go  
Oh Oh I'll be  
When you need me close  
Oh Oh I'll be  
No, you won't be alone  
Through the highs and the lows  
You know you got me  
Wherever you go  
Oh Oh I'll be

You are an angel  
And I wanna be your messenger  
You are the lightning  
And I wanna be your thunder

You are a shooting star  
And I wanna be your night sky  
If you're ever lost babe  
You just gotta close your eyes

Wherever you go  
Oh Oh I'll be  
When you need me close  
Oh Oh I'll be  
No, you won't be alone  
Through the highs and the lows  
You know you got me  
Wherever you go  
Oh Oh I'll be

Whoa, Whoa  
I'll be  
Whoa, Whoa  
Wherever you go  
Oh Oh I'll be  
When you need me close  
Oh Oh I'll be  
No, you won't be alone  
Through the highs and the lows  
You know you got me  
Wherever you go  
Wherever you go  
I'll be
