Celine Dion, One Heart

(One heart you are following)
You can run and you can begin
In a place where you don't fit in
Love will find a way yeah
When you're down, you can start again
Turn around and you think you're in
Love will find a place yeah
If you got one heart you are followin'
One dream keeps you wondering
Love lights your way through the night
One wish keeps you tryin'
Once your silver lining
Loves lights your way through the night
You can fall a thousand times
You can feel like you've lost your mind
Love will find a way oh yeah yeah
In a minute it can change your life
In a moment it can make you right
Love will find a place yeah
If you got one heart you are followin'
One dream keeps you wondering
Love lights your way through the night
One wish keeps you tryin'
Once your silver linin'
Loves lights your way through the night
Everybody needs something to hold on to
Everybody needs something to hold on to
If you got one heart you are followin'
One dream keeps u wondering
Love lights your way through the night
One wish keeps you tryin'
Once your silver linin'
Loves lights your way through the night
One wish keeps you tryin'
Once your silver linin'
Loves lights your way through the night
Love will find a way
Love will find a way in your heart
