

# Celine Dion, Ten Days

Celine Dion  
A New Day Has Come  
Ten Days  
At the doorway of my heart  
All the leaves have fallen down  
And though I try to pick them up,  
There's so many I think i'll drown

CHORUS\*\*\*

Ten days have come and gone  
Ten days and I'm all alone  
And all that I can do is  
Pray and pray  
Ten days I've seen the rain  
Comin' down on a sunny day  
But all I've got to do is  
Pray and pray  
And pray

At the doorway of my life  
I feel the pain, but feel no shame  
And what I've got, I keep inside  
Some things have changed but I'm still the same

\*\*\*CHORUS\*\*\*

And if you're goin' my way  
Don't think that I'll bend  
'Cause this is where I'll stay  
I think it's the end

\*\*\*CHORUS\*\*\*

Ten days, ten days, ten days, ten days
