

Celine Dion, Voices That Care

Lonely fear lights up the sky
Can't help but wonder why
You're so far away
There you had to take a stand
In someone else's land
Life can be so strange
I wish we never had to choose,
To either win or lose,
That we could find a way...
(We could find a way)
But I won't turn my back again,
(Turn my back again)
Your honor I'll defend
So hurry home and till then...
Stand tall, stand proud
Voices that care are crying out loud
And when you close your eyes tonight,
Feel in your heart how our love burns bright
I'm not here to justify the cause
Or to count all the loss...
That's all been done before.
I just can't let you feel alone
When there's so much love at home
We're sending out to you
All the courage that you've known
The bravery you've shown
Clearly lights the way
We pray! To make the future bright
To make the wrong things right
Right or wrong, we're all praying you remain strong
That's why we're all here and singing along
Stand tall, stand proud
Voices that care are crying out loud
And when you close your eyes tonight,
Know in your heart how our love burns bright
Voices that care are crying out loud
And when you close your eyes tonight,
Feel in your heart how our love burns bright
You are the voice
You are the light
Stand tall, stand proud
Voices that care are crying out loud
And when you close your eyes tonight,
Feel in your heart how our love burns bright
Stand tall, stand proud
Voices that care are crying out loud
And when you close your eyes tonight,
Feel in your heart how our love burns bright
You are the voice
And the guiding light
Feel in your heart how our love burns bright
