

# Cellophane, Down

I got all my machines  
Anything that I need  
Gimme peace gimme war  
Save our world save our souls  
Here down we go  
Down we go again  
Here down we go  
Down we go  
Here down we go  
Down we go again  
Just like our fathers  
I got shoes you got nothing  
Let me roam  
Let me sing the morning  
I got peace you know that  
I got war you know that  
I got everything  
I got soul  
Here down we go  
Down we go again  
Here down we go  
Down we go  
Here down we go  
Down we go again  
Just like our fathers  
I got peace on my pillow  
I can go anywhere  
All through time through  
dimension  
Save our world  
Save our souls  
Here down we go  
Down we go down we go  
Down we go down we go  
Down we go  
Here down we go  
Down we go again  
Here down we go  
Down we go  
Here down we go  
Down we go again  
Just like our fathers
