

# Cellophane, Tamarak Tree

Don't cry  
It's not that bad  
Don't cry  
It's not that sad  
It's just another morning  
It's just another relative  
I climb the tamarak tree  
I climb the tamarak tree  
Don't moan  
It's not that long  
Don't groan  
It's not that hard  
It's just another morning  
It's just another relative  
I climb the tamarak tree  
I climb the tamarak tree  
Don't cry  
It's not that bad  
Don't cry  
It's not that sad  
It's just another morning  
It's just another relative  
I climb the tamarak tree  
I climb the tamarak tree
