Miscellaneous

It's Going Down (Remix)

Don't even trip it's all labexibiali fitty
Hit the clubs and act bad, get them biatches ready
Up on release 'fore they use a cow piece
You hardly war makin', drinkin', shootin' me out, it's soft

[B-Legit]

I ride the Benzo, Bill Clinton, presidential
Out the window, never been, though
Type that get the party loud trunkin'
So they can hear me, I keep 'em leery
With twamps on the S Series
And Cruise Control, gonna take 'em where them hoochies roll
If for some ho, them hoochies down in Celly, so
So, when you see me double-parked, flashing hazard lights
You get it right, cuz, man, it's going down tonight

Repeat 1

[Mack 10]

West Side! You know who he be Hoo Banging
It's that killer Mack 10, Inglewood swingin'
They connect gangin' and ya know that's how it go
Although it ain't gonna be easy but believe me, dog
It's gonna be off the heezy fo' sheezy
And if it ain't her, I laugh it off like a joke
And I grab my AK cuz I spray up anybody for my folks in the Bay
On real, homeboy, I'm a killer
I leave their shirts soakin', no jokin'
So if it's going down tonight
I be on the first thing smokin', so holler at me

[Celly Cel]

It's going down so majorly my pager battery
Stay on low cells while I'm trying to get some mo' mail
Dodgin' hot ones, makin' liquor store runs
Creepin' through the city streets, pervin' in the Mo 1
Can't get wrapped up in that "He said she said"
What was said already did, runnin' your mouth will get you filled with lead
So I stay real, soakin' that game outta the hills
Ridin' with that Mazda sound
Now you know it's going down

Repeat 1 to fade
